

What is Chogan?

CHOGAN Group is an Italian company founded in Italy in 2013. It is the largest Italian company for consumer products.

Chogan offers, among other things, products from the fields of perfume, face, body and hair care.

All products are of excellent quality and made in Italy.

HERBAL
ALCOHOL

30%
PERFUME
ESSENCES

WITHOUT
ADDING WATER

CHOGAN has a contract with well-known perfume manufacturers, including Fragworld, for the supply of various fragrance essences that are also purchased from world-famous brands. In the next step, CHOGAN produces its numbered fragrances in Italy before they are filled into uniform bottles.

This means no advertising and packaging costs for the end consumer.

It is this approach that underlines the uniqueness of CHOGAN, as it is a focus on quality that is accessible to everyone.

We pride ourselves on offering high quality products combined with long-lasting ingredients that are skin-friendly and dermatologically tested. Our products are not only of the highest quality, but are also Cruelty-Free and Certified Organic.

In addition, they are mostly vegan to meet the needs of our customers and environmental responsibility.
